Sciatica is the most severe pain man

can suffer. The great sciatic nerve is

dorsal nerve is in its

strength—in its marvelous power of

penetrating. In severe cases, NERVINE

will demonstrate its superiority

over every other remedy.

Extraordinary pain, such as rheu-

only by a remedy as extraordinary

as NERVINE. In many cases, the

pain is cured in a few days.

BASSANO, THURSDAY, DEC. 10TH, 1914

A GOOD MOVE

The Mail congratulates the 1914 Council on taking the initiative in the matter of a new town building. No body of men, perhaps, realize more fully than the Council the effect of the present depression, but at the same time the councillors realize that the town has a future and it is their duty to keep pace with the inevitable.

The step now taken involves no obligation whatever. The building of a town hall is an important item and a matter worthy of much consideration of detail.

A BUSY PROGRAMME

Bassano has a busy and exciting time mapped out for next week. There are the two conventions—the Western Canada Irrigation Convention and the Alberta Union of Municipalities Convention—and now that a Bassano man has the conservative nomination there will be added excitement in the coming campaign.

There is bound to be a large influx of irrigation farmers, and as this is the first year for the system to be under fair trial there will be eyes not aver closely watching the outcome of the first experiment.

Undoubtedly hundreds of voters and prospective land buyers will be seen in Bassano next summer. All this means increased prosperity for a community. Let every individual be advanced towards securing the development of this district. The district is in all preparation for the production of wealth. What is now needed is people.

WINNING ON MERIT

A vivid example of the value of strong personality was illustrated at the conservative nomination in Calgary last week. Feeling that the personal and business sacrifice would be more than he could bear, it was not until noon of the day of the convention that Mr. Mavor gave his supporters definite assurance that he would stand for the nomination. The delegates from Bassano immediately set themselves to work but were laboring under a handicap.

The real test came at the convention when the several nominees were on trial before the large delegation. Though the youngest man in the lot, it was easily seen where the Bassano man possessed the superior ability. Though each man was given fifteen minutes to address the convention, Mr. Mavor made use of barely five and through his well-timed remarks completely won the sympathy of the house.

From the time Mr. Mavor first addressed the convention there was absolutely no doubt as to the comparative fitness of the candidates. Congratulations are extended to Mr. Mavor, and every confidence is expressed in his ability to carry the campaign to a successful issue.

Buy an Irrigated Farm from The Canadian Pacific Railway.

BECAUSE: Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but EVERY YEAR.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures best returns in dairying and mixed farming. Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$10 to \$75 per acre, with easy terms to pay, and the privilege of a loan of \$2000 for improvements (6% interest) no principal payment at the end of first or second year and no water rental for first year. Assistance is also given in any planting stock in approved instances.

This is the most liberal offer of irrigated farm on record. Get full particulars from

A Japanese Dog

Some of the Japanese papers tell of a large dog that for the past quarter of a century has had its home in the Japanese Naval Officers' club at Kure. Naturally the dog has made friends with most of the officers. It is a good tempered animal, and has never been known to attack anybody. In his younger days the dog was quite active and playful, but he now spends most of the time lying in a sunny place outside the gate. In rainy weather the dog is very fond of lying on the grassy lawn.

The hockey club found it necessary to again change the date of their dance from the one announced in the previous two issues of The Mail. They were unable to secure the orchestra for the date announced last week and a change was made to Monday, Dec. 14th. The bills are out to this effect and the boys are canvassing the town with tickets. Undoubtedly there will be a good crowd present at the usual good time.

"The Patrol of the Sundance Trail"—Ralph Connor's latest book for sale by Stiles, The Druggist.

In an endeavor to assist the firemen on Sunday afternoon Geo. H. Travis strained a ligament in the muscles of his back and in consequence is confined to the house for a few days. Though not feeling exactly well on Sunday night, he attended the council meeting and it was necessary for him to be assisted home. It is rather unfortunate that this should occur just at the time when he should be getting in on his election campaign; but, quoting from his address to the electors on Monday, he stands for selection on his past record and for a municipal economy wherever it can be effected without injuring the standing or prestige of the municipality.

Just at one o'clock on Sunday afternoon the fire brigade was called out to fight a blaze in a house on 3rd avenue west in a house owned by Dr. Fraser and occupied for the present winter by Mr. and Mrs. J. Thompson. The fire had made such a headway that it was impossible to save the building from destruction, though the fire was easily controlled and at no time was there the slightest danger to any of the adjoining buildings. At the time the fire was discovered only two small children were in the house. They were unable to escape through the door and climbed out the one of the windows. The alarm was phoned to the Hunter Hotel and rung in by Geo. Murgatroyd. The boys responded very promptly and were on the scene with the appa status within six minutes. The red from No. 2 hall won the honors of the day by reaching the fire first. The cold weather and the snow made it very disagreeable work for the boys, and coming just at dinner time, they were a pretty hungry bunch when they got the chance to visit the Bun Coffee. The property was covered by \$6000.00 insurance. The exact origin of the blaze is not known.

The big candy sale is now on at Purcell Bros. Prices almost cut in two.

As a local event of interest, perhaps the minstrel show tomorrow night will attract more attention than anything for some weeks past. The boys have pretty well rounded up their programme and there is promise of lots of fun all the way through. If you have not already purchased your ticket you had better take a walk down to the Bassano Drug Store and get in on the plan while there are plenty of good seats to choose from. The proceeds of the concert will be devoted to charitable purposes, and though not definitely decided upon, it is the general idea to place the funds at the disposal of any local occasions that may be worthy and needing of assistance. This is a broad and socialistic method for the mutual benefit of the community. Show your appreciation of the boys' efforts and be in a position of a chair in the Gen Theatre on Friday evening.
